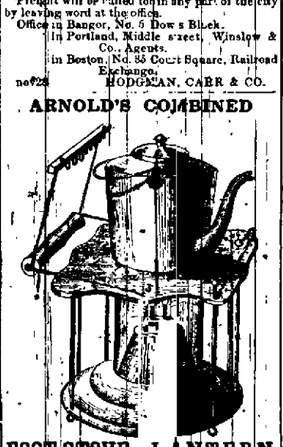
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN,

—AND—

NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensible article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For mixing tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this useful apparatus can be put may be readily conceived by every one. No further description is required, as no one can misunderstand its several utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

GREAT

American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St.,

BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others*,) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary in the procural of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor in procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and these were those who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

Late Commissioner of Patents."

[From the present Commissioner.]

"August, 17, 1853.—During the time I have held the office of Commissioner of Patents R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, and I take pleasure in stating that I am thoroughly acquainted with the law, and the rules and practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

ASSIGNEES' SALE

—OF—

Valuable Real Estate

—AT—

ZILWAUKIE, SAGINAW CO., MICH.

THE following described property will be disposed of at Public Auction, at the *Merchants' Exchange, in the City of New York*, on THURSDAY, the 28th of February, 1856, at noon, unless previously disposed of at private sale, by order of the Assignees:

First—One large Steam Saw Mill, known as the Gang or Mammoth Mill about 66 by 125, including a gang of 21 saws, 2 muly saws, with siding and edging machines; engine room about 30 by 75 feet. The whole driven by the most powerful engine on the river.

Second—The Mill known as the Shepherd Mill, of about 42 by 60 feet, consisting of two muly saws and edging machines; this mill is said to be equal to any mill of its size on Saginaw river. Both of the above mills are in good repair, with large and commodious Wharfs, Lumber Piers, Runways, Booms, in fact all the necessary appointments of first class mills. The above mills were in operation for about three or four months the last season, and gave the utmost satisfaction in regard to the quantity and quality of lumber cut.

Third—About 400 Village Lots in the village of Zilwaukie, in which there is a large Hotel 40 by 60 feet, two stories high; a new Store 40 by 60 feet; Office and Boarding House, and a number of other Dwellings to accommodate the families of those employed in the mills, and the general business wants of the place.

Zilwaukie is situated on the left bank of the Saginaw, 14 miles from its mouth, and five miles below the county seat of Saginaw County, with which it is connected by a good road. The location is considered healthy, less sickness has prevailed in that than any other village on the river, according to the population, since its settlement; it is at the head of navigation for loaded vessels bound from or to the Lakes, and is considered one of the best points for manufacturing Lumber on the river.

Also, about 600 acres of good Farming Land on Cass River, in Tuscola Co.

For further particulars apply to Dr. CHARLES T. DISBROW, East Saginaw, Mich., or to ROBT CARNEY, and ALEX. M. LAWRENCE, Assignees, No. 11 South William street, New York.

Boston Lying-in Hospital,

SPRINGFIELD-STREET.

THE Trustees of this Hospital desire to call the attention of the Medical Faculty, and of the New England public, to the advantages which the new Hospital affords for the comfort of patients and the treatment of those cases which it was the intention of its founders to relieve.

Admission regulations are upon the same principles as those of the Massachusetts General Hospital; the charges depend upon the accommodations, and are as low as the means of the Corporation will admit. In the construction of the Hospital great attention has been paid to the comfort of the patients, in ventilation, heating apparatus, bathing-rooms, water-closets, etc. The capacity of the building being in advance, of the wants of the public for lying-in patients, the trustees have decided to allow a portion of the Hospital to be used for the accommodation and treatment of diseases of the female sex," and applications may be made personally, or by letter addressed to Mrs. C. (CONCLUDED.)

2. Just in the charge of land fault brought against the slaveholding interest for having repealed the Missouri Compromise unprovoked or aided by the plea argued in self-defence—that originally it was forcibly imposed upon the Free States upon the Slave States without their consent—that it was subsequently violated by the Free States, in their refusal to extend its provisions over New Mexico and Utah,—or that its repeal having been effected by the Free States themselves could not be resisted or refused by the representatives of Slavery. (1.) Even if it is true that the prohibition of Slavery north of 36 deg 30 min. was originally made up by Free States against the votes of the South the fact that the admission of Missouri was accepted as the price of that prohibition, would have made the Slaveholding interest estopped from its present assertion, according to its terms and bound by its obligations. But the fact is not so. The acts of March 6, 1820, which authorized Missouri and prohibited Slavery in the Louisiana Territory north of 36 deg 30 min., were carried in the Senate by the votes of fourteen members from Slaveholding States to which only eight were cast against it—and in the House of Representatives of one hundred and twenty-three Slave States voted for it, and forty-seven against it. A majority of the votes from slaveholding States in each branch of Congress, were that given for the bill; and also for were the representatives of Slavery from regarding it as having been forced upon them, that Charles Pinckney, one of the greatest and ablest leaders, declared, in the height of its excitement, that "it was regarded as the Slaveholding States a triumph. (2.) Still more absurd is it to say that the refusal of the North to extend the provisions of the Compromise over other regions was a violation of its terms or in any way released the parties to it from their obligations to abide by its requirements. (3.) It is true that the admissible nature of the proposition to compel it would have been from a Free State—but that fact does not influence the interence that the sentiment of the free States was justly and duly represented by his action. There was, indeed, no room to doubt that it was condemned by the unanimous vote of the Free States—and that it would be regarded by them as the country at large as a very gross and wanton violation of obligations which he had been voluntarily assumed. No matter from what geographical quarter of the Unionit came, it was brought to bear on the slaveholding interest as the party responsible for it. So, indeed, it was long the worst of the effects of Slavery that among the ill signal proofs of its ascendency that its aids and habitues have should infer in the Servile will to volunteer to perform offices on its behalf which its representatives would seem to perform themselves—from the conviction that by that path the help to and acquiescence of the Federal Government are to be secured. The Slaveholding interest owed it to honor and good faith to meet the expectations which such men might hold out for the repeal of its obligations.

THE PLEA THAT CONGRESS HAS NO POWER TO PROHIBIT SLAVERY IN THE TERRITORIES

(1.) But it is urged that the original enactment of the Missouri Compromise, by which Slavery was prohibited in and excluded from a portion of the Territory of the United States, was a violation of the Constitutional rights of the Slave, was a violation of the Constitutional powers to make such a prohibition in that or to any territory over which the United States is extended by the slaveholder had a right, by virtue of its provisions, to take the slaves

In reply to this we answer

First—That, whether the plea be true or false, it cannot justify that the slaveholding interest exercised that unconstitutionality, if the prohibition by assenting to its enactment and acting it by the votes of its representatives.

Second—That, if the plea were true, its sanctioners was but and void, by reason of its unconstitutionality and its repeal therein, was a needless concession of bad faith; and

Third—That the plea is not true but is thereby contrary to the plain letter as well as to the spirit of the Constitution and to the uniform practice of the Government from its foundation.

The Constitution declares that the Congress shall have power to make all needful rules and regulations respecting the Territories or other property belonging to the United States. That the Slaveholding interest has been compelled to claim for the Slaveholder the territories themselves the right to prohibit the exercising or admitting Slavery as a right inherent in the sovereignty over their own affairs. This is not the bill for organizing New Mexico and Utah is made the subject of the prohibition of the Missouri Compromise, which is repealed. And the Constitutionality of Congress over the Territories is maintained by the Slaveholding interest, is now sustained by the Government, in this new position, as it has been in the position of the successively assumed. The last is the position of popular sovereignty is fundamental in our system. No case doubts that the People, the sovereign power of all the territories as well as over all the States of the Confederacy. But this sovereignty is subject to the limitation and condition and can only exist within the limits of the Constitution. The people are sovereign as a part of the Government, but they are not sovereign as the Government, or detached by the Constitution. The States are sovereign. But only within certain limits, and in subordination to the powers and objects of the Union. Two sovereignties over the same territory and on the same subject, it is manifest, cannot exist—one must of necessity exclude the other. The Constitution is supreme and unquestionable when it declares sovereign power over the territories, by conferring on Congress the power to make all needful rules and regulations respecting them." The doctrine of Popular Sovereignty, or the right of the people of the territories, should we warrant it, is unsound. In the language of Mr. Madison, "it is a mere sophism, if the sovereignty of the United States in its territories is limited by the power of the people of the States to determine what persons shall form the political society there, and when and how it shall be organized and admitted into the Union, can establish or prohibit Slavery in those territories. Their rights as States do not begin until admitted into the Union. Congress have power to make "all needful rules and regulations" for the territories, and when they are admitted into the Union no more than other citizens of the United States is the constitutional power to establish or prohibit Slavery within its limits.

GENERAL TENDENCY OF FEDERAL LEGISLATION ON THE SUBJECT OF SLAVERY

In all these successive acts, in the admission of Missouri and of Arkansas, in the annexation of Texas and the provision for admitting four new States from her Territory, in the war with Mexico and the conquest of her provinces, in the repeal of the Missouri Compromise and in the cruel war now waged against the people of Kansas for the extension of Slavery into that Territory, we trace the footsteps of a powerful interest, aiming at absolute political power and striding onward to a complete ascendency over the General Government. It finds powerful allies and an open field in the political arena for the prosecution of its purposes. Always acting as a compact unit, it finds its opponents divided by a variety of interests—Party alliances and party ties have hitherto prevented any union against its aggressions, and the feeling or fearing the displeasure of their constituents, representatives from the Free States have been inclined to aid in the promotion of its designs. All other interests have been compelled to give way before it. The Slaveholding interest has dictated to and in the promotion of the Democratic party, which is governed by its influence and for the accomplishment of its ends. The Executive of the nation is the willing servant of its behests, and sacrifices to it the rights and the interests of the country. The purse and the sword of the Union are at its command. A hundred millions of dollars have been expended in the annexation of Texas, and the war with Mexico, which was part of its fruits. Two hundred millions have been offered for Cuba, and were it not that it is thought it is threatened, if necessary to prevent the consummation of the purchase. Slaves. Thus is the decision of great questions of public policy, touching vast interests and vital rights, questions even of peace and of war made to turn, not upon the requirements of justice and of honor, but upon its relation to the subject of Slavery—upon the effect it will have upon the interest of the Slaveholding Class.

The principle of the Free States have cherished the hope that Slaveholders made to extend Slavery which have been under their control were abandoned, and indicative of weakening rather than ambition and they have trusted that the successive statesmen of the Slaveholding States would gradually perceive and acknowledge the inconvenience and danger of Slavery and would take such measures as they might deem wise and safe, for its ultimate removal. They have feared the effect of agitation upon the subject could upon the good faith and honor of the Slaveholding States, and believed that the natural growth of population and the freedom of the laws of political and social economy would gradually and peacefully work the extinction of a system so repugnant to justice and the natural character and welfare. It has seemed to them incredible that in this last age, when Christianity has for years been diffusing its light and blessings throughout the world with its rights, such a fact as every nation on earth but our own has abolished chattel Slavery the effort should be made, or the will obtained by any portion of our people to make the interest of Slavery predominant and to convert this Republic, the only Government which professes to be founded upon the principle into the magnificent Slave Empire the world has never seen. But it impossible to deceive ourselves in the events of the past few years have clothed the designs of the Slave power and the aggressive character of its policy too forcibly to be misunderstood. We cannot shut our eyes to the fact that the Slaveholding interest is determined to construct the judiciary of the land out of the elements favorable to its own energy, by its bold and unscrupulous use of the powers and agencies of the Government, and by the influence it has acquired by the long enjoyment of power. It has succeeded in placing a majority of Pro-Slavery men upon the bench of the Supreme Court—having already discarded the principle of compromise from legislation—they must forbid that the natural effects of their encroachment upon the rights and liberties of the non-slaveholding population of the country, will be to arouse them to the direct exercise of the power which is in their hands. Whether it is safe or wise for them to entrust to it the decision of such a contest, we need not here consider.

RECIPROCITY LAW FOR NEW YORK.—In the New York Senate, on Saturday, the bill proposing a registration of voters of the city of New York came up for final action, and sixteen members voted for the measure and thirteen against it—one member being excused from voting, and two were absent The bill, however, was lost by one vote, it requiring seventeen affirmative votes to pass a law—a majority of the whole Senate A motion to reconsider the vote was made, and laid upon the table by its friends.

A registry of the legal voters of New York city, or "the keeping of a check list" as we term it, would make a difference of thousands of votes in almost any contested election—but the reckless and unscrupulous politicians who have generally carried their ends in that great Babylon, have always managed to prevent the adoption of so salutary a measure

"Well, now, I should like to know why in the name of goodness you have carried me a mile beyond where I wanted to stop."

"You told me, madam, to leave you at Forty-ninth street"

"Well I meant Twenty ninth street, and, any way, you might have known where I live, for I ride up here every week, in your busses"

"Madam, said Jehu, with Napoleonic composure I've drove stage on this line about ten years or so, and I have never yet missed leaving a passenger where he or she directed me to leave him or her, and, Madam, if you don't know where you live, *you'd better move*.—*N Y Cor St. Louis Republican.*

CURE FOR INTEMPERANCE.—We have seldom met with a more striking instance of the union of simplicity and wisdom—for which the Quakers are remarkable—than the following

A man addicted to habits of intoxication was suffering the usual miserable consequences, and in a moment of repentance, said he would give anything to cure himself

"It is as easy as to open that hand," said the Quaker

"Convince me of that, said the penitent, "and I will persevere in the experiment

"When thou takest the tempting glass into thine hand," replied the Friend, "before thou liftest the liquor to thy lips, open *thy hand*, keep it open, and thou will be cured."

TERRIBLE SUFFERING AT SEA—THE BARK AMELIA.—By the arrival of the steamer Black Warrior, we have received letter from St. Thomas, containing an interesting narrative of the sufferings of the officers and crew of the bark Amelia, which vessel until very lately was supposed to have been lost at sea. The commander, Lieut Reed Worden, arrived at this port in the Black Warrior, and Lieut Erben, in whose charge the crew was placed, has arrived at Baltimore in the bark Amazon

St Thomas, W I, Wednesday, Feb 20, '56

The bark Amelia arrived at this port on the 1st inst., in distress The Amelia was seized by the U S Government at Port-au-Prince, having a cargo of military stores and implements on board, which no doubt were intended for a filibustering expedition They left Port-au-Prince on the 1st of December, and had not been at sea many days before the vessel commenced leaking, and sailing badly, made very slow progress. On the 24th day of December, they experienced a very severe gale, which nearly destroyed the vessel, tearing the sails to ribbons They attempted to make the port of Charleston or Savannah, but failed in doing that, and were carried to the eastward. The gale lasted for ten days raging with the greatest violence, the vessel continuing to leak very badly, and it was with the greatest difficulty that she could be kept afloat by constant pumping They then attempted to make the port of New York before another storm should overtake them, but did not have good luck

On the night of Jan. 5, when near New York, expecting the next morning to be inside of Sandy Hook, the wind which had been westerly, and south-westerly for ten days previous, shifted, to the north, and from that point all around the compass It continued blowing a terrific hurricane for thirty-six hours, during the whole of the same the officers and men relieved each other at the pumps—every moment expecting the vessel to sink, the water gaining all the time on them—Finally, and by degrees, the gale subsided, and they saw there was some chance of escape. Both officers and men suffered severely. Finding the vessel was a complete wreck, and being out of provision and water, all hopes of making a port in the United States were given up, and they attempted to go into Bermuda. The greatest anxiety at that time was to meet a vessel which would relieve them of their hunger and thirst, but every vessel they met avoided them giving them a wide berth as possible—the Amelia being rather a suspicious looking craft.

Supposing there might be some provision in the hold of the vessel, an examination took place, when a barrel of rice was found, but in a damaged condition. They then discovered the hold was swarming with rats

They went to work and caught the rats, which with the rice kept them from starving They were in this condition for twenty two days At daylight on the morning of Jan. 28, a vessel was discovered, which proved to be the English brig Ida, bound to St Johns, three days from St Johns Island of Antigua, bound to Liverpool. She showed on a blackboard his longitude, and Lieut Worden hailed him, telling him they were sixty days out, and in want of bread and water, or something to eat, that they would be very thankful for any thing they could spare, as starving They replied that he had no bread to spare, but would give them some flour A boat was sent on board, and returned with only part of a half barrel of flour and nothing else; This however they were thankful for, and with the rats and rice, they fared quite well—They then continued their course, and on the morning of the 31st of January came in the Island of Sombrero and passed it, made for the port of St Thomas, where they arrived on the 1st of February, having been sixty two days at sea, and most of the time experiencing the greatest sufferings. Lieut. Worden handed the vessel over to Major Helm, the U S Consul, who discharged her cargo, and is now shipping it to Norfolk, etc. The whole town was alarmed for fear an explosion would take place, as there were arms and ammunition on board sufficient for an army of five thousand men. The vessel has been pronounced the most unseaworthy that has ever been in our harbor, and great credit is due to the officers, who after sixty two days hardships, succeeded in getting her into port

EMBALMING A WIFE.—The following curious circumstance is just now creating some merriment in commercial circles A Yankee captain, whose cargo was consigned to Messrs Baring & Co., had the misfortune to lose his wife, who was on board with him on the voyage and died. In obedience to throw the body overboard, resolved upon bringing her to England, there to receive proper sepulture A portion of his cargo consisted of oil of cinnamon The captain took a sufficient quantity and placed the body in it, thereby totally embalming it for the remainder of the voyage On his arrival at the port of London, the Yankee captain called upon the parties to whom the oil was consigned, and requested to know how he was to pay for the quantity of the article he had used He was astounded at being told that the value of the oil so used was £900, and that he must immediately pay over that sum Of course this was out of the question, and the captain was soon afterwards arrested for debt. The oil was bailed by Messrs Baring, who, it is reported, have satisfied the owners — The customs authorities having been made acquainted with the circumstances, have decided to allow the cinnamon oil to be landed, The Yankee captain will have to take the oil back to America and there dispose of it. The oil is used for flavoring pies, pastry and perfumery.—*London News*

LEGISLATURE OF MAINE.

WEDNESDAY, March 12

SENATE Resolve further extending the time for paying certain notes in the Land office, was read a second time, and on the question of passing the same to be engrossed.

Mr Robinson inquired if the timber was not permitted to be cut off the lands for which the notes were given

Mr Butler said the conditional deeds of the land were given One quarter of the price was paid in cash For the remainder three several notes were given The proceeds of the timber cut goes into the Treasury until the land is paid for On the failure to pay either of the notes, the land reverts to the State. He thought the resolve ought to pass as originally reported

Mr Robinson said that he had been informed that the timber to a greater or less extent has been cut on these lands and that the deeds give that privilege constructively He thought the interests of the State should be protected

He was in favor of amending the resolve so that the cutting of the timber should be prohibited during the extension of the time for the payment of the notes

Some further remarks were made when the subject was laid on the table

Mr Barnes from the committee on the Judiciary, reported on the report of the Commissioners appointed by the late Governor to revise the Laws, recommending the passage of certain "resolves providing for the further revision of the laws." These resolves recommended the appointment of Hon Ether Shepley, late Chief Justice, and the Commissioner The report and resolves were laid on the table, and 700 copies ordered to be printed

Mr Trumbull opposed the motion He thought the minority report presented the slavery question in a masterly manner, its positions unanswerable But it was written as a part of the debate of the majority report, and he was unwilling to send out with the one part of the Senate, a document containing many unwarrantable assumptions and erroneous deductions, and incontestable statements

WASHINGTON, March 14.

SENATE. Petitions were presented from merchants and ... of Boston, New York and Philadelphia ... asking for a revision of the tariff.

Mr Johnson reported in favor of printing 10,000 copies of the majority and minority reports of the special committee on Kansas affairs—being 5,000 copies for each member.

Mr Trumbull opposed the motion. He tho't the majority report presented the slavery question in a masterly manner, its positions being unanswerable. But it was written as a reply to the details of the minority report, and he was unwilling to send out with the endorsement of the Senate a document containing so many unwarrantable assumptions, erroneous deductions, and inconsistencies.

Mr Wade asked Trumbull to yield the floor for adjournment.

Mr Douglas. I hope not. The courtesies of the Senate have been taken advantage of on account of my known absence to make an assault upon me.

Mr Trumbull. No sir. I knew not whether you would present or absent when I was commencing on the report. I did not introduce the subject nor did I know it would come up to-day.

Mr Douglass. My colleague rises to say in the face of the fact that he did not know I was absent. He acted with unsurpassed in attacking the report when I was detained from the Senate by ill health. I would ask him with what reasonableness time his speech will be printed.

Mr Trumbull. I think it will be published at Monday.

Mr Douglass. If I can ask a postponement of the question until Monday I will reply to Mr. Trumbull a speech on Tuesday.

Mr Seward. Take your own time.

Mr Douglass, quickly. I understand that. I take your own time. The Senator from Miss. took his own time to write and circulate a libel on me when the Nebraska bill was reported. I understand my colleague to say he came here as a democrat. That will be news to the democracy of Ill., and as a libel on the democracy of that State.

Mr Crittenden interposed saying, the debate had transcended the rules of decorum. The Senator had charged a libel on Mr Trumbull.—Sensation.

Mr Douglas. I should have been better satisfied if the Senator from Kentucky had, when Black Republicans denounced me in coarse terms, rebuked them for want of courtesy.

Mr Crittenden. In what do you allude?

Mr Douglas. When they made coarse and vulgar personal assaults on the Democratic side of the Senate.

Mr Crittenden. It was not more my business than that of others to call Senators to order for personalities. This is not the place for vituperation. Such matters should be settled elsewhere.

Mr Douglas. I do not regard the Senator as good authority on Illinois politics. I was speaking of events of which I am better capable of judging than he.

After further colloquy, the chair decided that Mr Douglas's remark was not personal.

Mr Douglas. So far as I am advised, and as I believe my colleague is the candidate of a miserable sect of Abolitionists and Know Nothings which is one and the same thing.

Mr Crittenden. I wish the Senate to understand that I co-operate with the American party and standing here as a gentleman and a Senator and claiming all the respect due to my honesty as a freeman, I resent with scorn every imputation of that kind, as intended to embrace me and my political associates.

Mr Douglas explained. I spoke of what know nothingism is in Illinois, and said it might be otherwise in the South. Every K N lodge in Illinois has adopted an abolition creed, and that is the miserable faction which sent my colleague here. The Senator from Kentucky misunderstood me, else he would not have considered my remarks as personal to him.

Mr Crittenden. The gentleman did not make the qualification he now voices.

Mr Douglas. Every gentleman must have understood me as making a distinction. I said nothing about Southern know nothings.

Mr Trumbull. I shall not permit such remarks as these from my colleague to pass unanswered. I shall suffer no man here or elsewhere to state of me things which are absolutely and utterly unfounded. If he means to say I am or ever have been a know nothing, or connected with any secret political organization, he charge is basely. I will not violate the rules of the Senate, but say untrue. He proceeded to speak of the politics of Illinois, saying she was and had always been a Democratic State. In the 5th Congressional district which gave Pierce nearly 5000 majority, he Trumbull, was elected a member of the House by more than 2500 majority. He ran as the anti-Nebraska candidate. How did my colleague know he received every K N and Abolition vote. He did not know it.

Mr Douglas. My colleague said the reason he did not accept a seat at Salem, my proposition to resign our seats last year to test by re-election, whether he or I represented Illinois, was that Gov Matteson would appoint me, and another Democrat to fill the vacancies. I tell him I will sign a resignation now, to take effect at the next meeting of the Legislature.

Mr Brown. That is right.

Mr Douglas. I'll give him till Monday morning to think of it.

Mr Weller. That is better.

Mr Douglas. I said my colleague received every abolition and know-nothing vote in the legislature. He dare not deny that statement.

In further remarks Mr D. said that his colleague had become a chief of the Black Republicans.

Mr Trumbull. I ask my colleague to explain.

Mr Douglas. Was not the gentleman voted for by abolitionists and know-nothings from all parts of the State?

Mr Trumbull. I tell him no to his teeth. I never was a candidate of the abolition or know nothing party. I have been voted for by members of the American party, and it was [illegible] with the gentleman, but that I was their [illegible] is not true.

The colloquy was continued further, when Mr. Douglas, that he, [Stunner] had obtained a week's delay of the Nebraska bill, in order to circulate a libel on him.

Douglass. Mr. Sumner said that it was untrue that he had united with other members of the Senate in sending an address to the people of the U S expressing the true character of the bill, and predicting many of the evils which have since ensued.

Mr. Douglass said that both Messrs. Chase and Sumner on the occasion referred to were in his seat and asked him to postpone the Nebraska bill one week in order to give him time to examine it. He did so, but the next day after he discovered they had written an exposition of that measure and scattered it broadcast. It was the false statement that they had had time to examine, of which he complained. That address attributed to him a base motive of self aggrandisement and not a proper motive of public duty. The Senator from Mass. not considering that libelous Oh, no! might accord with his ideas of a gentleman and a Senator.

Mr. Sumner. I shall enter into no controversy elsewhere as to the character of gentlemen. This Senate shall decide whether the Senator from Ill. is the proper judge of that matter. It is not true that I went to the Senator's seat to make the request to which he alludes.

Mr. Douglas repeated that Mr. Sumner had, while pretending he wanted time to read the Nebraska bill, previously franked a great many pamphlet on that subject.

Mr Sumner said, the address was produced on the first bill, not on the last.

Mr. D. remarked that the reasons assigned by Mr. Sumner for the postponement of the Nebraska bill were not true in fact.

Mr. Johnson's motion was then adopted, and the Senate adjourned to Monday.

HOUSE. Mr. Washburn of Maine spoke in favor of the resolution empowering the committee on elections to send for persons and papers in the Kansas case. He said Mr. Reader was removed because he would not be the slave and tool of the President, who had offered him the mission to China or Great Britain if he would resign the Governorship.

Mr Smith of Va. Do I understand the gentleman to make that charge?

Mr W. I have seen such a statement in the newspapers. The correspondent who made it dared the Washington Union to deny it, and I dare the gentleman from Va. to make his denial.

Mr S. I believe it to be a bold and unmitigated falsehood, and it is unbecoming in any member to repeat such a newspaper statement.

Mr W. I believe every word of it. There are gentlemen here who can speak for the Executive.

Mr Matteson continued to defend the Emigrant Aid Societies, and criticised severely the positions of the minority report, condemned squatter sovereignty, and expressed the opinion that the difficulties in Kansas were attributable to the let alone policy of 1850 on the slavery question. But for this there would have been no flaming proclamation by the President, and no orders from the Secretary of War to enforce the laws.

Mr Washburn argued that the committee must have plenary power in order to give an impartial hearing and arrive at an honest intelligent judgment. He moved the previous question. The motion was negatived, 78 voting for and 93 against.

Mr. Bennett of Miss contended that Mr Reader has set up an extraordinary claim without a shadow of law or justice. Adjourned till Monday.

King of Poland.

NEW YORK, March 14.

A correspondent of the Evening Post, writing from St. Petersburg, Jan. 31, says: "An immense sensation has been created in the Capital by the positive declaration of the Emperor that he intends to be crowned King of Poland, at Warsaw, in May next. He has also issued orders for commencing preparations. The Empress will accompany him and will likewise be crowned. She will take with her the three presumptive of the crown, and will invite the most distinguished ladies of the Empire to her Court. The Emperor, it is further said, will add to the title King of Poland that of Duke of Lithuania, and that the nobility of the Duchy will take part in the coronation."

Decline in Nicaraguan Stock.

NEW YORK, March 14.

There was a further large decline locally in Nicaragua Stock. Sales being made as low as $13. Yesterday morning sales of this stock were made at $22, at which price the President bought 2000 shares. Mr. Morgan the President has been selling largely. The Company owe their indebtedness to Nicaragua to the extent rumored. They say the claim against them never exceeded $40,000, and that all the property Walker could seize would not exceed in value $60,000. The general opinion is that the trouble is all the result of Stock jobbing operations. There is a dispute between the President and the late President of the Company. Mr Morgan is represented as having sold the stock largely on his own account, and that of Col. Walker and Messrs Garnsey & Sheppard, and the whole matter of selling has been the result of consent to create a heavy decline in the stock of which they would avail themselves.

Arrival of the Guy Manning.

NEW YORK, March 14.

The Packet ship Guy Manning, Capt. H. Dollard, from Liverpool, arrived at this port to-day, after a passage of 44 days, during which she has experienced a continual succession of westerly gales. Capt. D. reports encountering icebergs and ice fields from the lat. of 43 deg. 20 min., and lon. 50 deg. 30 min., and was obliged to go southward, to clear it. She brings only 89 passengers.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged, and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.

FEBRUARY, 17th, 1853.

To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

Rev. CLARKE—Every bottle of the Universal Cough Mixture which you left with me, is sold—and I have several applications for more. As far as heard from, all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, purchased one large bottle, and before he had taken one third of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES.

From Mr. Fletcher Chick, agent for North Dixmont, Maine.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

FEBRUARY 1, 1854.

To Rev. Walter Clark. Dear Sir—The certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining the least relief. Happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to directions on the label, by which in a few days I was entirely cured.

LET US REASON TOGETHER

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits
Coughs	Fever and Ague	Piles
Colds	Female Complaints	Stone and Gravel
Chest Diseases	Headaches	Secondary Symptoms

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia," or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch-st., Philadelphia, Pa.

TESTIMONY FROM MAINE

Capt. Daniel Abbott, Franklin, Maine, July 16, 1853, says: "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters," I was induced to try them in her case, and sent to your store and purchased *one bottle.* She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters.

WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable,* thereby possessing advantages over most of the preparations recommended for similar diseases.

KENNEDY'S MEDICAL DISCOVERY.

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed growing upon the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, suiting some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty; and has seen puny, looking children, whose flesh was soft and flabby, restored to a perfect state of health, by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept 19, 1853.

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE direct from my Laboratory.

Hope springs Exulting from its Use, while
Doubts fleeing away, give place to
Conviction most Triumphant.

BE kind enough, Reader, to give your attention one moment, and you will learn what

C. A. Richards' Abbott Bitters

ARE GOOD FOR.

They have been made and sold 40 years—8 years by the present proprietor, and note this great truth—He has facts in his possession, shewing that they *have cured and helped thousands, yes thousands of cases of*

Nervous Debility and Derangement of the Digestive Functions, Depression of Mind and Spirits, Oppression after Eating, Acid Stomach, Sick Headache, Costiveness, Jaundice, Piles, Heartburn, Flatulency, Female Obstructions, Dizziness, Sickness at the Stomach, Water Brash, Loss of Appetite, Pain in the Side, and

Torpor of the Liver and Bowels.

Reader, you are appealed to earnestly. Don't say "if I only could believe this to be true, I have some of the above complaints, and I would take the medicine at once if I could only have confidence." IT IS TRUE—it is an honest truth, if ever there was one spoken. Come then, if your mind is irritable, discontented, and gloomy,—if you have severe Colic Pains after eating your food —if your body begins to waste, or your strength to fail you—if your countenance a haggard and sallow aspect—if you have a difficulty in lying on your left side—if your skin is dry and shriveled—if you have an appetite weak and variable, and perhaps entirely destroyed—if your whole system is languid, especially during the process of digestion—if you have a constant uneasy feeling in the stomach—why, you have only a fit of INDIGESTION! and these great Bitters are made to cure Indigestion, and they will do it too, with all its attendant ills; and while at first it gently stimulates the Stomach, cleansing and removing these troublesome agents,

IT ACTS UPON THE SKIN,

Removing MORBID OR VITIATED HUMORS, beautifying the face, kindling life and energy in your entire frame; then, Reader, will the world *no longer look dark and gloomy; no longer will* your dearest hopes be banished and thrust aside, but with

Health and Strength

You will go forth into the world to say with thousands of others, *C. A. Richards' Abbott Bitters* have done wonders for me.

The genuine have C. A. RICHARDS' signature, and are sold every where.

A MARVELLOUS REMEDY! For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies.—Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat of any thickness.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles	Sprains
Burns,	Rheumatism	Scalds
Chapped Hands	Salt Rheum	Swelled Glands
Chilblains	Skin Diseases	Stiff Joints
Fistulas	Sore Legs	Ulcers
Gout	Sore Breasts	Venereal Sores
Lumbago	Sore Heads	Wounds of all kinds.
Mercurial Eruptions	Sore Throats	
	Sores of all kinds	

**Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers in Medicines throughout the United States, and the civilized world, in Pots, at 25 cts, 62½ cents, and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,*

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonsful of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5
" " Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by
